The screenshot shows the Hokkaido University Library Catalog interface. At the top, there are navigation links for 'Library Catalog Top', 'Library', 'Hokkaido University', and 'Keyboard'. A search bar contains the text 'Re-Search'. Below the search bar, there are tabs for 'Hokkaido', 'Open Books', 'Open Articles', 'JARD', 'Access Books (NDL search)', and 'NDL Digitized Contents'. The 'Target' is set to 'Hokkaido'. The search results are displayed as a list of 67 items, with the first item being 'Biochemistry and molecular biology / Despo Papachristodoulou, Alison Snape, William H. Elliott, Daphne C. Elliott, 5th ed. - Oxford : Oxford University Press, c2014'. The 'Refine Your Search' section on the left shows filters for 'Location', 'Material Type', 'Year', and 'Publisher'. A red arrow points from the 'LC:QP514.2' classification number in the table on the left to the search results page.

If you click the links in Classification, retrieves will begin with the classification numbers.
